### Ektra Girls to Represent Thailand

#### **FedEx Express / Junior Achievement International Trade Challenge Thailand 2017**

Ektra GAC entered two teams into the competition this year, and they, along with the other 36 teams from Thailand, attended a workshop at the United Nations Conference Centre on Wednesday April 5th, 2017. Following the workshop, teams had to submit their Market Entry Strategy Papers to the panel of judges. Then on Tuesday April 25th, 2017 - the top eight teams were announced. Both Ektra teams got to the Thailand final, and the girls were one of the three winning teams.

Phanicha & Natthanich from Y.12A receive their awards. The other two winning teams are from Chulalongkorn University Demonstration School & Satit Kaset International Program school.

Phanicha & Natthanich, below left, will be going to Singapore in August to take part in the ITC Asia Pacific Regional Competition. Well done to them, and also the other Ektra team of Sakgarapong & Vee Y.12C, below right, who were also in the Thailand final - being chosen ahead of many teams from International Schools.

**Check-out the school website for the full story.**
