Re Notification of class rearrangement for KG.2 and Yr.1 for the 2015 academic year

To All parents of current KG.1 and KG.3 students

Sarasas Ektra Infant Department has a policy of rearranging KG.1 students before starting in KG.2, and KG.3 students before starting in Yr. 1 for the 2015 academic year. This is based on the rationale that students staying in the same class for too long will become over familiar with that same learning environment and rely too heavily on that class dynamic and their peer relations. It may also make them more resistant to change and less focused on academic achievement.

Rearranging students will stimulate them to develop themselves for learning in a new environment. Students will adapt themselves to build relationship with new friends and society. It will provide a chance for students to gain more experience in their early years. Students will learn to stay with others happily and learn to accept and exchange learning to each other.

Therefore, the Infant Department will rearrange students before starting KG.2 and Yr.1 in the new academic year. We will concentrate on developing the learning process along with thinking skills to allow students to improve their learning ability as well as help students learn to adapt themselves for the new society in the future.

For your acknowledgement and we appreciate your cooperation with our school endeavors.

Sincerely yours

(Mrs. Paweenrat Boonsawat)

The Director of Infant Department
