Reminders for Students

⇒ **E**very one of you has the opportunity to be whatever you want.

Keep working hard and you will truly be successful.

Take the time to do things correctly - it will save you time.

Reflect on what you have learnt.

Ask your teachers - that's why we are here.

On Sunday 3rd June, 55 students joined five teachers and attended the 2018 International Trade Challenge Workshop at Bangkok Patana School.

The event was opened by Ms. Gina Galvin (left) the Managing Director of FedEx Thailand.

There were presentations and business planning tips from Russian and American professionals.

During the afternoon session, there was a lot of group discussions and students were tasked with thinking outside of the box to come up with some interesting products.

Pictured on the right, from the top, are Pinyada (10B), Pawat (11E) and Christopher (12A) who all spoke to the audience about their original product ideas. There was also a Q & A session at the end of the afternoon, and Sarasas students posed some very good questions for the two presenters. Below are Bryce and

Lauren Huschka, who ran the afternoon session, in discussion with Sarasas students.
