

22<sup>nd</sup> May 2015

Topic: Request to vaccinate students for Measles and German measles.

To: Kindergarten Parents.

The Government Health Centre has launched a campaign to vaccinate **children born between 1<sup>st</sup> June 2008 – January 2012 nationwide, at no cost for Measles and German measles** between May -September 2015 because Measles is a dangerous disease with serious complications for young children. Since August 2014, the Health Centre changed their plan to give the Measles booster shot from 7 year old children (Yr. 1 Primary students) to 2 years and 6 months old children. So, now children who were born between 1<sup>st</sup> June 2008 and 31<sup>st</sup> January 2015 (3 year, 3 month old children to 6 year, 11 month old children) have not received their Measles and German measles vaccinations. This campaign is a project to honor Her Royal Highness Princess Maha Chakri Sirindhorn celebrating the auspicious occasion of her 5th birthday cycle on the 2nd April 2015. To protect your children from Measles and German measles, please take them to be vaccinated at a Health Centre or Hospital in Bangkok. (Remember to please bring your child's health record book with you on the day of vaccination)

For your consideration

Yours Respectfully,

(Please return to class teacher by Wednesday 27<sup>th</sup> May 2015)

**Response form for Measles and German measles vaccinations**

I, Mr./Mrs./Ms.....Last Name.....

Parent of Mstr. / Miss.....

Class.....Contact No.....

☐

Will go to a Health Centre or Hospital in Bangkok to get the vaccinations.

☐
