Sarasas Ektra School, Infant Department

15th July 2016

Topic "Thai Culture Conservation" activity for National Mother's Day

Dear Parents,

On the 12th of August, which marks National Mother's Day, Sarasas Ektra School will host an activity to promote Thai Culture, which has seen many changes through the ages. Therefore, school would like to ask kindly for parents' cooperation in participating in the activity so that we can help each other to conserve and celebrate Thai culture.

School would like to ask each parent to submit to School a postcard-size photo that represents Thai culture. The photo may show Thai national costume, merit-making and alms-giving, the Thai "wai", Thai manners for showing respect, and so on. The photo must be glued to a piece of paper—plain or patterned—under which are written some English or Thai words about the photo. They may include the title, location or date and may be decorated according to student's imagination and creativity.

The finished product can be submitted to class teachers from 21- 29 July 2016. School will host an exhibition to showcase the photos on the 1st of August on the ground floor of Building 1. The photos will be returned to parents after the exhibition has finished.

School would like to thank parents for being supportive of students and sincerely hopes that parents will continue to cooperate with us in future activities.

Yours sincerely

(Mrs. Paweenrat Boonsawat)

Director of the Infant Department
