Dear Parents of students in Year 9

The school's academic department has emphasized on the importance of Year 9 students' preparedness for upper secondary education planning. The school will be therefore arranging an upper secondary education guidance meeting. An aim of the meeting is to keep parents posted about the curriculums currently implemented, education administration guidelines, extra-curricular activities, university education pathways, scholarship available for upper secondary students, and **students' individual MI Reports which will be useful for parents**, parents are therefore invited to attend the parent meeting and to collect students' individual MI Reports on Saturday 9th January 2021 from 12.30-15.00 at the school's Auditorium, 4th floor, Building 6. Please note that the registration is from 12.30-13.00.
