Due to the ongoing construction for the new building at the Primary department, there is a new route for dropping off and picking up your children to and from school. To decrease the amount of pollution, the school would like students to take note of the following :

For all parents' who have children in Kindergarten and Y.1 - Y.3, we ask for your cooperation to display the students' nametag clearly in the front widescreen. This will help speed up the process of getting students from the classrooms and into your cars. Parents please pick up your children before 5pm.

School asks parents to pick up students on time and to use their indicator signals at all times. Please don't blow your horn to attract children's attention and please respect our traffic staff. They are mainly teachers on duty to assist you (aside from police officers at Soi 19 and Soi 20 whom have been requested by school to assist.)

### "Use the school van service"

1. School staff will be taking care of the students. For Y.3 - Y.12 students will need to get on the school vans at the designated meeting points on time.

2. On any day that a student does not come to school, if parents need to pick up their children early or if you are picking up or dropping off independently, please call the admin office or the van driver directly to notify them

- For your convenience, the school provides van services to pick up-drop off between Sathupradit soi 19 and Sathupradit soi 20 at the following times:
  - Morning time (from soi 20 to soi 19) at 7.30am.
  - Afternoon time (from soi 19 to soi 20) at 4.00pm.
- Drivers will always double-check the van before parking the van in the parking lot.
- They will also always check the condition of the vans and spray anti-bacterial mist to prevent any cold viruses spreading.

(parents who have never used the van service, if interested, please call 085-111-0260).

### After-school lessons

School has provided after-school lessons for all Thai subjects in May.

All other subjects will start on 1<sup>st</sup> June 2016. The benefit of taking after school lessons at school are as follows:

1. Students will be spending their free time wisely, as they will be learning more academic content and taking part in activities of their own interest.
2. Subject teachers will be able to observe and evaluate each student's achievement closely.
3. Students will be in a safe environment under the supervision of teachers and will be saving on the cost of extra tutorial lessons.
4. Parents will not have to be concerned about other people's teaching methods from different institutions.

\* The school will provide details about after school lessons in the last week of May.\*
