• Holidays

- 1st August (Asahna Bucha)
- 2nd August (Buddhist Lent)
- 14th August (substitution for Queen's birthday)

• Science Day Activities

- 24th August

Assessments

Each one is specific, and will need your English skills to do well.

Kick the common habit of procrastination - don't put off till tomorrow what you can do today.

The effort you put in will reflect in your final results, both for module and level.

Reach all your goals and achieve all your aims - you can do it.

And don't forget to use the knowledge and skills of your teachers to help you with what you need.

After way too long, we were graced by the presence of the ACT Regional Account Director, Ms. Christine Hoe on the 12th & 13th July. Below she presented the MVP award to the school Director, Mr. Pisut Yongkamol, along with a copy of the New Business Simulation Challenge Report which features some

students from Ektra who did very well last year. The MVP award was due to be given in 2020 after ten years of Ektra & GAC. It was a nice surprise, and now we are into our 13th year..the 8th year for Ms. Christine.

ACT Visit

During her visit, Ms. Christine had the chance to meet all the current GAC students and give them some tips for their assignments and lots of positive advice to stimulate them to continue and do well at all levels of the program.

Above, 12B students had the opportunity to explain their plans for their Social Science presentations, and get feedback on their ideas. Then below, 11A students had lots of general questions

for Ms. Christine to answer. All in all it was a very welcomed visit and we all look forward to her next trip later in the year.
