## SARASAS EKTRA SCHOOL

students from Sarasas Ektra School are in the vaccine quota. Therefore, parents of students aged 10 years – 11 years and 11 months will be surveyed if they agree to have their children vaccinated. Further vaccine surveys will be launched to parents of students aged 12-18 years if there are additional vaccine quotas available. Lists of students to receive Pfizer vaccine but have changed to go for the Sinopharm vaccine at a later date will be removed from the Pfizer vaccine list to prevent confusion.

Both vaccine surveys have already been finalized, and all the lists of students have been filed to the relevant organization(s). Currently, vaccination date, time, and venue are yet to be confirmed. Parents are kindly reminded to be on standby for an immediate vaccination call (to include date and time, which might be quite last minute). Parents are advised to download the vaccine consent form from the QR code(s) provided below, and reminded to completely fill out the form.

*Pfizer vaccine consent form*

*Sinopharm vaccine consent form*

Kindly be advised that vaccination of each student is entirely under parents' consideration. The school is only an organization that helps support students' access to vaccine. All the measures are launched to support policies of the government, which aims at enabling everyone to return to onsite learning. The school may apologize for proceeding every steps urgently as this is an urgent and a serious order made to the school by the government.

Additionally, we are pleased to inform that all Thai members of staff at the school have already been fully vaccinated. Nearly 100% of foreign staff has received their first doses of vaccine, and they are awaiting calls for their second doses. Remaining parts of foreign staffs are receiving their vaccine calls in the coming October.

Lastly, parents are kindly reminded to stay updated with all the communication channels of the school as there is much information to be sent out from the school.
